

A WORD ABOUT MICHAEL PHILLIPS

According to Michael Phillips, his founding philosophy is simple: "Law is more than our profession- it's our passion. I went to law school to help people and began my career in public service fighting for 'the little guy'. Now, I have a firm that exists so when bad things happen to good, hardworking people- they will get a fair fight with excellent representation."

Michael says he takes great pride in the fact that he has never represented insurance companies, big business, or prosecuted individuals and put them in jail. "That's because I have always been passionate about each of my client's life experience and committed to winning justice for them. It's something I believe strongly in". While staunchly advocating for his clients he believes in treating all parties involved with respect and dignity. "Prosecutors know that I am not afraid to fight them and they also know that I act courteously towards them unless they don't show the same respect".

Mr. Phillips has extensive jury trial and courtroom experience and has earned a reputation as one of the area's most talented trial attorneys. Using skilled, passionate, and carefully-drawn legal strategies, he has achieved remarkable results for his clients. The Phillips Law Office builds on the courtroom victories of Mr. Phillips, one client at a time. His dynamic courtroom style has served his clients well and his verdicts speak loudly of his commitment to his clients.

His persuasive and effective courtroom presentations are the result of his unique sensitivity to human experiences and bringing these into the courtroom.

Phillips adds, "small and dynamic, but with capabilities found in larger firms, our firm is a 'can-do' law firm. We pride ourselves in taking tough cases no one else will. Therefore, if you want a law firm that provides you personalized service, returns your phone calls, gives you straight advice and fights for you, give us a call. We have a full-time professional staff to serve you."
