

## OUR PRINCIPLES

***At the PHILLIPS LAW OFFICE we are dedicated to:***

- ***Our Clients***
- ***Our Justice System***
- ***Our Jury System***

***To That End We Pledge:***

- 1.** To never lose sight that our clients come first – we always do what is best for our clients. To treat our clients with respect and courtesy and to take the time to listen.
- 2.** To treat each of our clients as we would want to be treated in this time of stress and uncertainty. To always remember that our clients are under extreme pressure and stress in their cases; that the criminal process is new, foreign and scary. To take the time to be there for them, both as their lawyer and as a human being.
- 3.** That once a client places their trust in us, we will not waiver in our commitment to get them the very best result possible, whether through negotiations, litigation or trial and to exercise the highest level of skill and judgment in that endeavor.
- 4.** To remain current and *..on the cutting edge...* of DUI law, science and defenses. To use technology as a tool to best serve our clients both in the preparation and presentation of their case at trial.
- 5.** To preserve the integrity of the Justice system, even if that means challenging a system that is biased against our clients. To apply uncompromising standards to do what is right, not what is popular.
- 6.** To best represent you in the system of Justice by treating opposing parties and their counsel with courtesy and fairness and in accordance with the highest standards of the legal profession.
- 7.** To do everything possible to keep the Prosecution's officers, criminalists, phlebotomists and other witnesses honest. To always tell our clients the truth and to zealously represent them while maintaining the highest ethical and professional standards towards the court.
- 8.** To remain committed to the ideal that a small highly dedicated group of bright, motivated people can make a difference, no matter how difficult the case.
